CHOREOGRAPHY YOU CAN TRUST

BUILDING MORE THAN JUST ROUTINES, BUILDING CONFIDENCE

JOIN OUR SPIRIT FX FAMILY TODAY!

Welcome to our 2026-2027 Spirit FX Services and Pricing Guide. This packet was created to introduce you to, and highlight, our services, staff and pricing to help you make the best decision possible when choosing a service and instructor for your program. Booking any of our services or staff to come work with your program is not only a financial investment, but a personal one involving trust as well. We want to assure you that we are equally invested in the success of your program and completely invested in producing a product to help your program be at the top of your game all year long.

Here at Spirit FX, we have streamlined processes within our company to ensure everything is simple and easy when booking; all while maintaining competitive pricing. We are not the cheapest company out there; nor are we the most expensive. However; on a scale measuring bang for buck; we are superior.

We have a vision to not only be the best; but to be the most convenient. That is where we created our Signature Spirit FX Standard!

YEAR ROUND CLIENT SUPPORT:

We are there for you past the servicing dates. We are there year-round to assist in legalities, scoring, upgrades and advice. We want to cheer you on and celebrate accomplishments year around.

COMPLIMENTARY ELECTRONIC 8-COUNT SHEETS:

We provide detailed 8-count sheets upon completion of camp that are ready for music submission and easy to edit.

POSITIVE AND INVALUABLE CAMP EXPERIENCE:

We pride ourselves on not only a great product; but a positive experience. No yelling, belittling, or dealing with client emails about a mean choreographer. We want not only your experience to be great; but also your clients.

TRAVEL PRICES ARE INCLUDED IN OUR CHOREO PACKAGES:

No hidden fees, guessing expenses or driving around a stranger here. We handle everything so you can sit back and relax during the experience. For those services that do not include travel, we still handle booking everything and do not upcharge our costs.

We take who we hire at Spirit FX very seriously. We extensively research each person hired past their resume and references. We want to make sure our staff is more than just a master at their craft; but a great human-being.

Every year at Spirit FX, we host a staff training to make sure our staff is at the top of their game for trends, rules and teaching. We extensively study the scoresheet which is why Spirit FX routines dominate the industry.

When you join Spirit FX, you're doing more than just getting some cheerleading services, you are becoming apart of a family. We look forward to earning your business and hope you find this guide helpful.

Sincerely,
